CARLINE AT DISMISSAL

Our carline is frequently delayed due to early arrivals. Students in first through fifth grades are dismissed at 3:00 p.m. and arriving for students in those grades before 3:00 causes the delay you may have experienced. Early arrivals mean our younger students - who are dismissed at 2:45 - have to wait an excessively long time because their drivers are held up by drivers who have arrived significantly early.

Dwight-Englewood School

If you are picking up students with a 3:00 dismissal, please enter campus at 2:55 or later.

SchoolPass has helped tremendously with our carline and should be used by all parents/caregivers. Please note that for the upcoming school year, we are exploring features of School Pass which identify drivers based on their dismissal time and ensure that drivers enter the carline at the appropriate dismissal time.

Finally, while we hope to have a quick carline, safety is our first priority. If students are seated on the benches, it means they have been instructed to do so until the adults deem it safe for them to walk to their car. Please wait for an adult to dismiss students to their car.
