D-E Bulldog Club...

The D-E 360 ACE Team is offering a digital hang-out for Lower School students from 2:30-5:30 p.m. each day. See attached flyer with the link for the **schedule for week of June 1**. These offerings are gratis (free) and focused around giving students interactive recreational time, supervised space to talk and stay connected, as well as a curated collection of online resources that children may tap into anytime to reinforce learning or explore something new.

The offerings will be updated on a weekly basis to provide students with a variety of experiences. No registration is required. Secure Zoom IDs and passwords will be provided each week to LS families via email. For information on the fun activities available, please visit the D-E 360 webpage at de360.d-e.org under the LS Aftercare and Enrichment tab.

The Bulldog Club Theme for the Week of June 1: **Games & Puzzles**

The D-E 360° ACE Team will be providing a Digital Hangout for ALL Lower School students from 2:30 – 5:00 PM. We've been playing a lot of games and puzzles since March and the funny thing is that these activities never get old. Every new game, every new puzzle comes with a set of circumstances and challenges that's fast becoming a great part of our memory making during our time at home together. Everyone has a favorite game, Uno, Scrabble, Monopoly, Candyland – you name it! This week in the Bulldog Club, we thought we'd share some of our treasured puzzles and games with you. Students will be challenged to play against our very skilled team – check out the schedule for the week for Game Time!

Continuing This Week: We're still going strong with our Study Buddies. Our Programs Director, Sharon Keigher has been working with the Upper School Dean, Debbie Murphy, to coordinate US students who will be available during Bulldog Club time to help LS students with school work. Check out the times in the schedule for Study Buddies and log on during that time. Ms. Sharon will introduce students to their Study Buddies and let them get to work right away in a Zoom Breakout Room.

The offerings are gratis (FREE!) and focused around giving students interactive recreational time, a supervised space to talk and stay connected, as well as a curated collection of online resources that children may tap into any time to reinforce learning or explore something new. We thought we'd also share some fun AnyTime Activities. Check out the videos that feature read alouds for preschoolers through kindergartners about our daily themes as well as inspirational activities for students in grades 1-5.

For easy access, all of our activities are in one room! Log in once and you can come and go as you'd like! The Bulldog Club is live from 2:30-5:00 pm every school day. See next week's schedule below. We will email the Zoom ID and password to Lower School families for secure access on Sunday. You may also check your grade level LS launch pad for access to the schedule as well as any updates. For questions regarding Chess and Study Buddies, please email Sharon Keigher, D-E 360° Programs Director at keighs@d-e.org.

Scan the QR code here or go to de360.d-e.org/bulldog-club for the latest Schedule Details and Links.
